Head coaches report

I would like to thank all parents for supporting the club and team – especially those who have dropped everything at the last moment to fill in for team drop-outs. I want to thank all the swimmers for training really hard during the year and supporting each other. I especially give my thanks to the teachers for all their time and effort – all are volunteers and most have full time jobs too. They give their time to help you, please remember this, you only see the time at the pool but behind the scenes there is a lot of preparation and training and all this to help you become better swimmers. To those who do not turn up regularly you are letting yourself down and weakening the team when they turn up to swim at Galas, hardly fair on the committed swimmers.

All swimmers who are 7 & 8 this year should be attending Sunday mornings as a must to pass their diving award. If they go to rugby, church, football e.t.c they can leave early. Please make the effort.

The results during 2006 were encouraging – we went up a division in the Rother League and consolidated our position by ending up coming 3rd - a good result in the new division. We won the Cherriman Trophy (IOW) again this year. Yet again a brilliant day out and again we had no rain for our picnic. The home championships were well supported, with only a few absences due to illness and only 2 swimmers who did not take part without an explanation.

For the future we will struggle at Galas unless we acquire younger swimmers, particularly between 9/10 boys and 11/12 girls, so please ask your friends to come for a trial – these are free.

We recently took 3 teams to the county relay championships where they swam extremely well and we intend to take more swimmers to this each year swimming both individual and team events. Annette and Carole are also hoping to encourage the younger swimmers to try a few open meets – these are events where you swim as an individual and not as a team as in Galas. You will be getting a letter regarding this with more details. This will enable more swimmers to experience a much higher level of swimming. In some of our age groups, where we have a large number of swimmers, they will be able to compete more regularly as we cannot take more than 6 in each age group to swim in Galas.

For me personally, I would like to thank the committee and teachers for all their support and help in 2006, this club could not run without you.

With thanks
Anne Nugent.
